```
/*
Question 2 :Write a java program to display command line arguments that are passed at the
time of execution and if no arguments are passed than display "No argument" message on
command prompt.[Command_Arg.java]
*/
package classes_Object;
import java.util.Scanner;                    //Scanner import taking input
public class CommandLine
{
        public static void main(String args[])
        {                 for(int i=0;i<args.length;i++)
                {
                        System.out.println(args[i]);
                }
        }
}
```

OUTPUT

```
Console 🖾  P
<terminated> Comm
hello
programmers
how
are
you
```
